

PEO VISION: The Acquisition and Contracting Center of Excellence Providing Simulation, Training and Testing Capabilities for the Nation's Security.

PEO MISSION: Provide Simulation, Training and Testing Capabilities for the Nation's Security.

1.0 Provide STRI capabilities to support Full Spectrum Operations

1.1 Ident<mark>ify p</mark>otential efficiencies across the TADSS and Test community portfolios

1.2 Establish a Senior
Leadership forum to prioritize
work across the organization
and communicate these
priorities to all

1.3 Define a method to align resources with priorities and workload across PM organizations

1.4 Define STRI's future role in the Threat CyberWarfare landscape

1.5 Define and understand JIIM training environment, requirements and STRI ability to provide capabilities

2.0 Ensure capabilities meet the needs of the Integrated Training and T&E Environments

2.1 Obtain PEO endorsement to set forth expectations for all PMs to comply with PEO STRI Standards in support of the Army Integrated Training Environment (ITE)

2.2 Establish a PEO structure to govern and manage STRI's Integrated Training and Test & Evaluation (T&E) Environments enablers

2.3 Leverage and build upon LVC-IA standards, specifications, interfaces and protocols across the STRI portfolio to enable Army ITE

2.4 Demonstrate Benefits and Value of STRI Integrated Training and T&E Environments capabilities 3.0 Develop a workforce with expert level acquisition, technical and leadership skills

3.1 Provide a consistent training method / forum for career programs

3.2 Identify and prioritize the development opportunities for the workforce

4.0 Promote and sustain excellence in the execution of contracting activities

4.1 Establish and implement a Source Selection Support (SSS) process

4.2 Establish and implement a Procurement Administrative Lead Time (PALT) measurement process

4.3 Develop and implement an Acquisition Center Training Plan

## **LEGEND**

(Green): Objective in process
(Silver): Deferred or successor to another objective

As of December 2010

Resources: Secure resources: human, financial, facilities and technology to meet objectives.
